SENIOR PROM

June 4, 1984

The magic of candlelight and music filled the ballroom at the Venus de Milo for over 300 couples. After taking pictures, the couples enjoyed meals of baked stuffed shrimp or prime rib. This was followed by hours of dancing until midnight. As each couple left they received souvenir glasses with the theme of "magical moments" printed in red under the pictured dancing couple, a symbol of that magical night.

JROTC MILITARY BALL

On the evening of Friday, April 13, 1984 the JROTC held its annual military ball at the Hawthorne Country Club. The evening was a delight for both the chaperones and guests. Deborah Fernandes crowned the new queen, Cheri Anderson, a truly happy young lady. After a few words from Col. Napoli, a welcome from Pedro Almeida, and the crowning, the guests enjoyed their meals and an evening of dancing.

M.A.'S TALENT NIGHT

The packed house on May 11, 1984 was treated to an overwhelming display of talent in the boys' gym. Act after act turned in great performances. Once again the Minority Awareness Club did itself proud!

The Century House was brought to life with the unmatched spirit of '84. No one will forget the spectacular style show given by our handsome models or the outstanding footwork done by Mr. Calnan and Eddie Caron. May 3rd was truly a night to remember!

SOUTH PACIFIC

Audiences were once again treated to outstanding performances of this year's musical, *South Pacific.* Rhonda Matson, Mike McGrath, Mike Ventura, John Bennett, Dawn Andrews, Paul Foucart, and Lori Lopez played their roles well, as did all cast members. A fine tribute to the NBH Drama Club.

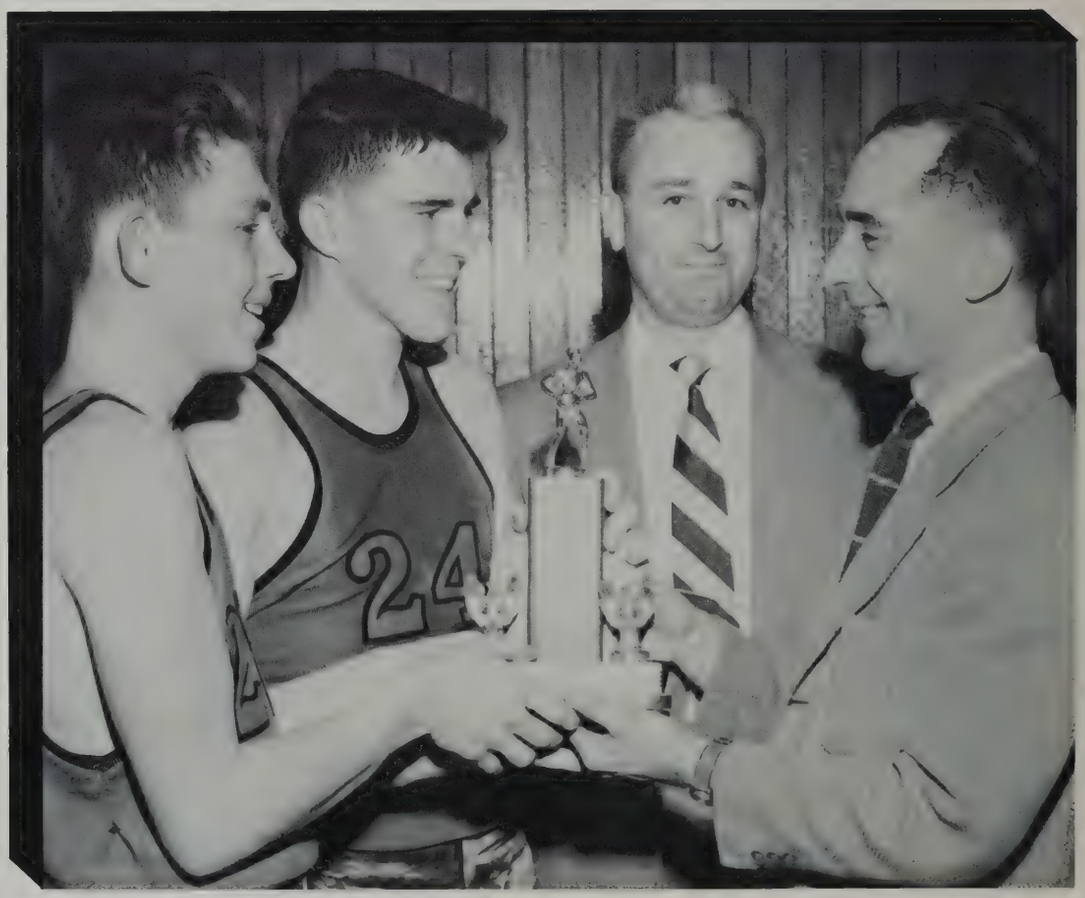
REMEMBER WHEN!

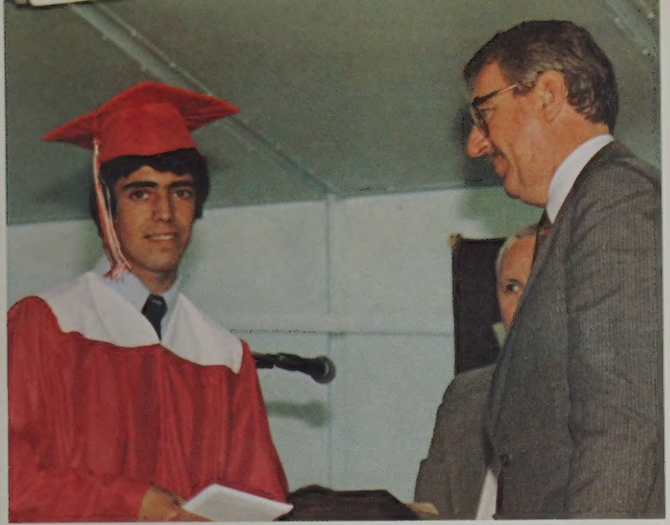


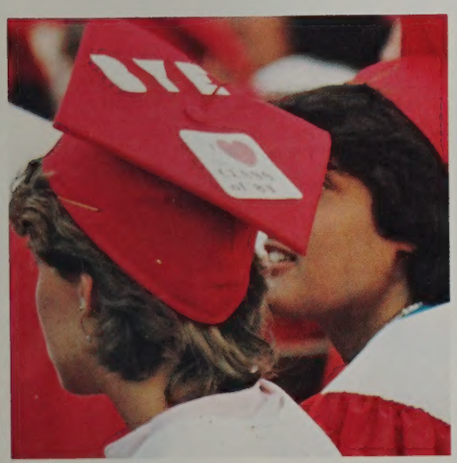
GRADUATION

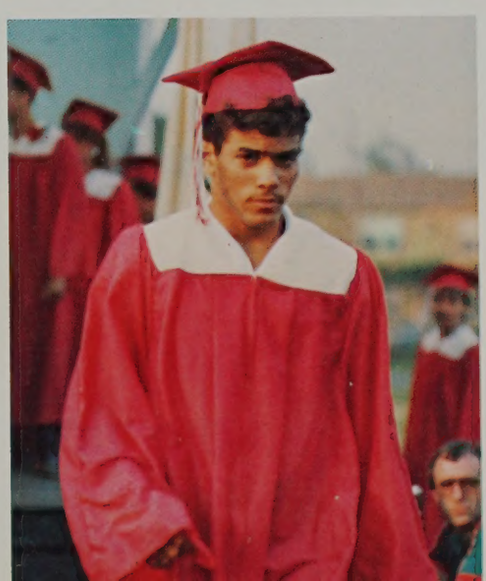
JUNE 7, 1984

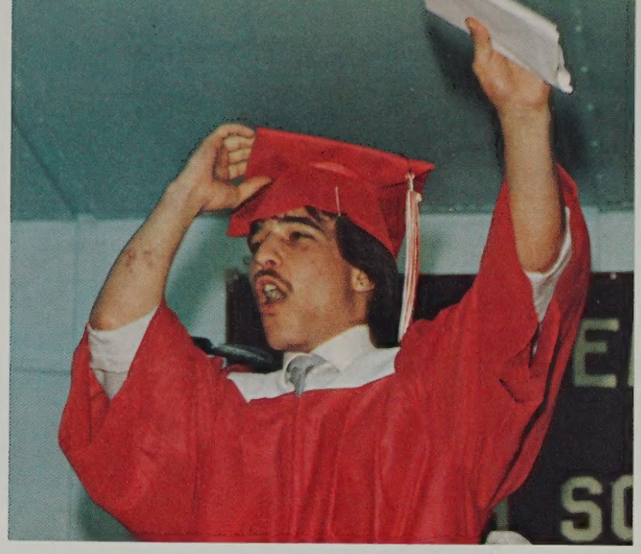
The showers which ended moments before the seniors began their march to Sargeant Field did not dampen the spirits of the Class of '84. They gathered outside and in the gym to say good-byes, make final adjustments, and pose for treasured shots . . .

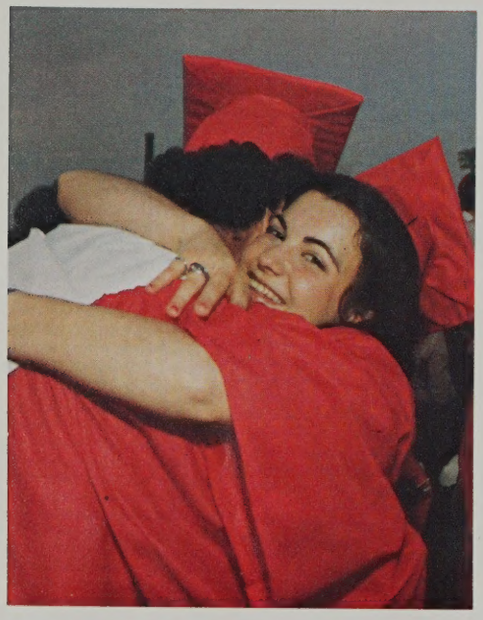
The lines finally reached the field and the ceremonies began. A special moment was shared with Eduardo and Mahmoud, our two exchange students who over the year have become friends of ours. Ron Jacobs, the class valedictorian, reminded us of our potential and of what each of us could offer to the future. Craig Levesque, the class president, recalled the warm times shared by us over the past four years. This was then followed by diplomas, smiles, tears, and . . .

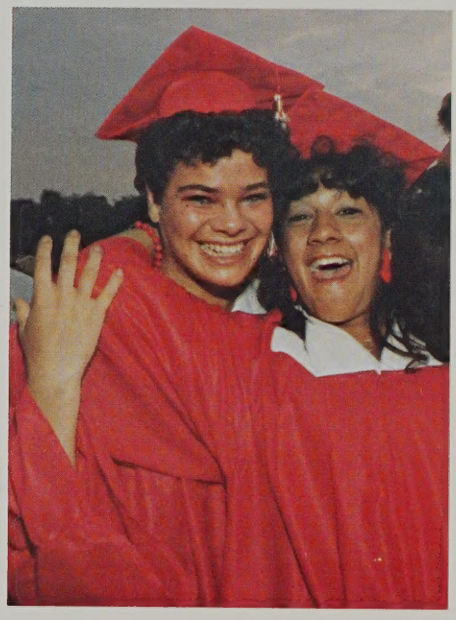












. . . our final good-byes
